Old Business: Election of Officers was held by mail and confirmed on July 20, 2020 by Elizabeth Williford and Gordon Bennett.

New Business:

1. Motion to make \$35.00 memorial to Larissa Cemetery Association in memory of Mary Marsh.
2. Motion to reimburse Gordon Bennett \$373.63 for is expenses on behalf of the Society.

Program:       Topic: **Birds of a Feather – Y-DNA Research and Group Projects**  
Presenter: **Janine Cloud**

Y chromosomal DNA passes only from father to son, but while the path of inheritance is simple, choosing which Y test to take can be confusing, and using the results once you have them can be even more confusing. Group projects can help alleviate some of that confusion as well as help focus research through comparison with other testers beyond simple one-to-one matching.

**Janine Cloud:** Janine Cloud started on the phones at FamilyTreeDNA in 2011 and created the Group Projects team, which she now manages, in 2014. She is also the event coordinator for FTDNA and has given DNA talks at the local, regional, and national level since 2015. A fifth-generation Texan, Janine is a registered member of the Cherokee Nation.

Any other Business: Thank the Texas State Genealogical Society officers and staff for their help in setting up the virtual meeting and answering questions.

#### EQUIPMENT:

- Docking Station
- Laptop w/power cord
